13th April, 1964

Dear Fellow Parishioner,

All Parishioners are pleased that once more we are able to embark on a major renovation and reconstruction programme of our beloved old Church.

Stage (1) the reroofing of the Church is already under way and you will note that we are replacing the old tiles with 24 gauge aluminium 5 rib sheeting.

Stage (2) is to replace and repair the electrical system.

Stage (3) is the internal painting and external waterproofing of the Church.

Stage (4) is the replacing of the Church flooring.

The complete programme will cost us in the vicinity of £5,000 so we will all have to assist with something over our normal giving as a "Church Restoration" donation.

Donations, large or small, will be gratefully accepted by your vestry, and may be forwarded direct to me for acknowledgment and will be set aside for this "Special Purpose". If you would rather spread the donation over a period and would like someone to call and collect it, please indicate below.

Yours sincerely,

---

Please find enclosed my donation of £  
Restoration" fund.

towards our "Church

Please arrange for someone to call and collect my donation of £  
towards our "Church Restoration" fund.

N.B.—Please cross out which does not apply.

Signed.....
